

# SHIPPING COSTS HIT NEW HIGHS

Supply chain disruptions today are more significant than those in the financial crisis of 2008.

**111%** Demand for ocean freight services up QoQ

**50%** Percent prices were above average shipping container rates

**87%** Percent increase in the global price of shipping a 40-foot container

**\$32B** Amount the global next-gen supply chain drove in 2019

**2X** Within 8 years, the global next-gen supply chain is expected to double

**REQUEST A CUSTOM EVALUATION OF YOUR SUPPLY CHAIN TODAY!**
